

Fourth Grade students write thank you letters to their teachers!

Dear Mrs. Brown,

You are a great teacher! I like that you make learning fun! I like when you let us play multiplication bingo. Even though you are a red sox fan, you are an awesome teacher. I like it when we do the warm ups before tests. I like how you turn learning into games so it is not so boring. And we forgot to say Happy Thanksgiving at the beginning of this so, Happy Thanksgiving!

Your students,

Adison and Keyla

Dear Ms. Lawler,

We like you even though you're a Hawkeyes fan. We love when you give us extra recess. You motivate us to work harder. When we are tired you put on body spell and fun things like that. We love how you read every day before recess and after lunch. We love how you make everything fun. Thank you for being our teacher.

Your writers,

Ariadne and Nicholas.

Dear Mrs. Grady,

I am glad you're an Iowa state fan. I also like you even though I'm a Hawkeye fan. I like when you make learning fun. You do Lunch Bunch. I like that. You're always friendly when you greet us in the morning. You do Go Noodle. That is very fun. When we have read to yourself you let us go around the room. Thank you, Mrs. Grady!
