

Second Grade students write thank you letters to their teacher!

Dear Mrs. Pender,

You are nice to us. I like it when you let us play twister when it is inside recess. I like how you do math with white boards. I like it when you turn math into games. I like the 100 equations. I don't think any teacher is like you! Thank you, Mrs. Pender!

Mrs. Rew,

We like when you are funny. We like when its science and you tell us the temperatures. I like when you come to us to help us at math. We like it when we make a book. We like it when we play flash cards. I like it when we unpack our math equations. You are very nice. We like it when we do mental math. You are the best second grade teacher in history. Thank you, Mrs. Rew. We love you.

Mrs. Weatherall,

I like it when you teach us about science. I like it when you teach us how to use a clock. You are very funny. I like it when you teach us the water cycle. I like to learn about weather tools, anemometer, rain gauge, weather vane and thermometer. Thank you, Mrs. Weatherall.

Dear Miss Stilwell,

I like how you turn math into a game. I like how nice you are. I like how you let us bring toys for inside recess games. I like the books that you let us read. I like the math games. I wish second grade could never end. We like you the best, Miss Stilwell.

From,

Laya and Ashley
