

Third Grade students write thank you letters to their teachers!

October 31, 2013

Dear Mrs. Cooper,

We would like to thank you for all the wonderful things you do in the classroom. We like how you mix fun and work together. Still no matter if you're sick or not, you're still the best third grade teacher. We like how you give the students work on their level. Even though we can be annoying, you still put up with us. No wonder your kids love you so much, you're like a second mother to us.

Sincerely,

Daniela and Theo

P.S. Have a happy Thanksgiving

Dear Mrs. Groth,

You're a really awesome teacher! You make everything so much easier and more fun. No one could ever take your place and be as awesome as you. Sometimes you give us super silly names that crack us up. You're so awesome any kid would love you. We love how you give us stars for free time. We wish we could have you every year. Even though we can be very annoying, you never stay mad at us. Thanks again for everything you've done for the class.

Your students,

Ava and Tessa

Dear Mrs. Mack,

Thank you for helping us learn the things that are hard for us. You are a very nice teacher. Things would never be the same without you. You make learning fun for everyone. We enjoy the math games and fire safety posters. You make us feel safe. You do the best you can to prepare us for tests. Thank you for never giving up teaching us. Happy Thanksgiving!

Your students,

Riesa and Samantha

Dear Mrs. Williamson,

You help us learn a lot of new stuff. You are a wonderful person. No one could ever replace you. You're so awesome! We wrote this letter because we wanted to thank you. We think you are the best teacher in the world. In one day you make us learn a lot of things. But, it is fun!!! You help us get a lot of people to the green!!! Sometimes you are fun, and sometimes you are also serious. But that's how we like it. You are very nice to you. You are very caring. You fix our problems. We hope you have a wonderful Thanksgiving!

Love,

Thu and Dakota
